

Adults Who Smoke in Virginia, by Population: 2003 vs. 2008

Source: Virginia Behavioral Risk Factor Surveillance System, 2003, 2008 (for comparisons by race and between college students and employed young adults, data from survey periods 1999-2003 and 2004-2008 are analyzed). Percentages are weighted. 95% confidence intervals are reported. # Use caution when interpreting a rate with a standard error > 5 and confidence interval half-width > 10.
